Fee Amount

Permit Type

Note: There are five types of permits. See attached sheets for type and fee.

Type 1 Permit - \$ 45.00

1. Bonfires;
2. The use of a torch or flame-producing device to remove paint from, or seal membrane roofs on, any building or structure;
3. The occasional use of any non-residential occupancy other than Use Groups F, H or S for group overnight stays of persons over 2-1/2 years of age, in accordance with section F-709.0 of the Fire Prevention Code;
4. Individual portable kiosks or displays when erected in a covered mall for a period of less than 90 days, and when not covered by a Type 2 permit;
5. The use of any open flame or flame producing device, in connection with any public gathering, for purposes of entertainment, amusement, or recreation;
6. Welding and cutting operations except where the welding and cutting is performed in areas approved for welding and is registered as a type B Life Hazard use;
7. The possession or use of explosives or blasting agents, other than model rocketry engines regulated under N.J.A.C. 12:194;
8. The use of any open flame or flame-producing device in connection with the training of non-fire service personnel in fire suppression or extinguishment procedures;
9. The occasional use in any building of a multipurpose room, with a maximum permitted occupancy of 100 or more for amusement, entertainment or mercantile type purposes.
10. The storage or handling of class I flammable liquids in closed containers of aggregate amounts of more than 10 gallons, but not more than 660 gallons inside a building, or more than 60 gallons, but not more than 660 gallons outside a building.
11. The storage or handling of class II or IIIA combustible liquids in closed containers of aggregate amounts of more than 25 gallons, but not more than 660 gallons inside a building, or more than 60 gallons, but not more than 660 gallons outside a building.
12. Any permanent cooking operation that requires a suppression system in accordance with N.J.A.C. 5:70-4.7(g) and is not defined as a life hazard use in accordance with N.J.A.C. 5:70-2.4.
13. The use as a place of public assembly, for a total of not more than 15 days in a calendar year, of a building classified as a commercial farm building under the Uniform Construction Code.

Type 2 Permit - 166.00

1. Bowling lane resurfacing and bowling pin refinishing involving the use and application of flammable liquids or materials;
2. Fumigation or thermal insecticide fogging;
3. Carnivals and circuses employing mobile structure used for human occupancy;
4. The use of a covered mall in any of the following manners:
 - (a) Placing or constructing temporary kiosks, display booths, concession equipment or the like in more than 25 percent of the common area of the mall;
 - (b) Temporarily using the mall as a place of assembly;
 - (c) Using open flame or flame devices;
 - (d) Displaying liquid or gas fueled powered equipment; or
 - (e) Using liquefied petroleum gas, liquefied natural gas, and compressed flammable gas in containers exceeding 5 pound capacity.
5. Storage outside of buildings of LP-gas cylinders when a part of a cylinder exchange program.

Type 3 Permit - 331.00

1. Industrial processing ovens or furnaces operating at approximately atmospheric pressure and temperature not exceeding 1400 degrees Fahrenheit which are heated with oil and gas fuel or which contain flammable vapors from the product being processed;
2. Any wrecking yard or junk yard; or
3. The storage or discharge of fireworks.

Type 4 Permit - 497.00

1. Storage or use at normal temperature and pressure or more than 2000 cubic feet of flammable compressed gas or 6000 cubic feet or non-flammable compressed gas;
2. The production or sale of cryogenic liquids; the storage or use of more than 10 gallons of liquid oxygen, flammable cryogenic liquids or cryogenic oxidizers; or the storage of more than 500 gallons of non-flammable, nontoxic, cryogenic liquids;
3. The storage, handling, and processing of flammable, combustible, and unstable liquids in closed containers and portable tanks in aggregate amounts of more than 660 gallons;
4. To store or handle (except medicines, beverages, foodstuffs, cosmetics, and other common consumer items, when packaged according to commonly accepted practices):
 - (a) More than 55 gallons of corrosive liquids;
 - (b) More than 500 pounds of oxidizing materials;
 - (c) More than 10 pounds of organic peroxides;
 - (d) More than 500 pounds of nitromethane;
 - (e) More than 1000 pounds of ammonium nitrate;
 - (f) More than one microcurie of radium not contained in a sealed source;
 - (g) More than one millicurie of radium or other radiation material in a sealed source or sources;
 - (h) Any amount of radioactive material for which the specific license from the Nuclear Regulator Commission is required; or
 - (i) More than 10 pounds of flammable solids.
5. The melting, casting, heating, treating, machining or grinding of more than 10 pounds of magnesium per working day; or

Type 5 Permit - 1,380.00

1. Reserved.

§ 46-105 SOUTH BRUNSWICK CODE

SECTION SBC-4001.0 PERMITS - \$45.00

SBC-4001.2 Type 1 permits: The following permits shall be classified as type 1 permits:

SBC-4001.2.1 Asphalt (tar) kettle: No person, firm or corporation shall make use of or fire any asphalt (tar) kettle without first securing a permit from the fire official.

SBC-4001.2.3 Training and education: No person, firm or corporation engaged in the business of providing fire brigade or emergency response team training shall conduct such activities without first securing a permit from the fire official. Permits issued under this subsection shall be valid for all such work conducted within the jurisdiction.

SBC-4001.2.4 Liquefied petroleum gas or liquefied natural gas: A permit shall be obtained from the fire official for the storage or use of liquefied petroleum gas or liquefied natural gas utilizing storage containers with an aggregate water capacity exceeding ten gallons and less than 4,000 gallons.

SBC-4001.2.5 Flammable or combustible liquids and hazardous materials: A permit shall be obtained from the fire official to test, install, remove, repair or alter in any way a stationary tank for the storage of flammable or combustible liquids or hazardous materials or to modify or replace any line or dispensing device connected thereto if it is not required to obtain a permit for such activity under the Uniform Construction Code, N.J.A.C. 5:23.

SBC-4001.2.6 Flammable or combustible liquids: A permit shall be obtained from the fire official to store greater than 120 gallons of flammable or combustible liquids above ground or to store any amount of flammable or combustible liquids in underground tanks. *Exception:* Fuel oil tanks for heating of one- and two-family dwellings, up to 660 gallons in capacity.

SBC-4001.2. 7 Hazardous materials: A permit shall be obtained from the fire official to store, handle or process hazardous materials or chemicals which, because of their toxicity, flammability, liability to explosion or decomposition, render firefighting abnormally dangerous or difficult; also, to store, handle or process materials which are chemically unstable and which may spontaneously form explosive compounds or undergo spontaneous reactions of explosive violence or with sufficient evolution of heat to be a fire hazard. Hazardous chemicals or materials shall include but not be limited to such materials as flammable solids, corrosive liquids, radioactive materials, oxidizing materials, potentially explosive chemicals, toxic materials, poisonous gases, pesticides, rodenticides and fertilizers.

SBC-4001.2.B Tank abandonment: A permit shall be obtained from the fire official to place temporarily out of service any flammable or combustible liquid or hazardous material tank.

SBC-4001.2.9 Other: Permits required by the fire official for hazardous operations or activities other than those specifically listed.
